

Amendments to the Specification

Applicant respectfully requests that the following paragraph be amended in the specification. Applicant asserts that no new matter is being injected into the application by way of this amendment.

[0001] This patent is a Continuation of U.S. patent application Ser. No. 10/662,736, filed on Sep. 15, 2003 and entitled "Word Based Lottery Game" which is hereby incorporated by reference in its entirety.
